Aslam Muhammad

Senior Software Developer | Building Scalable Web & Mobile
Solutions | Full Stack Developer
Quilon, Kerala, India

Summary

I am a dedicated and results-driven senior full-stack developer with more than 2 years of experience in designing, developing, and maintaining robust web applications. My expertise spans across both front-end and back-end technologies, ensuring seamless integration and performance.

Proficient in modern web technologies and frameworks, I excel in creating user-friendly interfaces and scalable server-side logic. My collaborative approach and strong problem-solving skills enable me to work effectively within diverse teams, delivering high-quality solutions that meet client and business requirements.
